FOREWORD

The United States Air Force Statistical Digest has been published each year since 1948. Over the years, while the Digest has had several changes in format, the original purpose for publishing it has not changed. The purpose has been, and will continue to be, to compile each fiscal year a single authoritative archival document providing a statistical description of the Air Force in terms of resources, organizations, and major activity parameters. Persons who require a historical description in statistical terms of each year of the Air Force's existence have found the Digest to be an invaluable addition to their information reference sources.

This Fiscal Year 1992 Statistical Digest returns to an earlier format containing only actuals. Projections for the future that most always in the past have changed soon after publication have been eliminated. Tabular and graphic presentations of data have been reformatted.

The United States Air Force Statistical Digest entitled "Fiscal Year 1992/1993 Estimate" published and distributed by this office in late 1992 should no longer be used as a source of any data for FY 1991, FY 1992, and FY 1993. Data for these fiscal years in this cited edition of the Statistical Digest were estimates. The latest and authoritative edition of the Statistical Digest is this edition entitled "Fiscal Year 1992" which contains only actual data and no estimates.

We welcome your comments and suggestions for improvement of future issues. Write to SAF/FMC, 1020 Air Force Pentagon, Washington, District of Columbia 20330-1020. The Fiscal Year 1993 Statistical Digest is in-work and should be available for distribution this Summer. Our goal for the future is to distribute an annual Statistical Digest in the spring of each year with actual data through the end of the prior fiscal year.

Special thanks goes to Mrs. Estella Duenas and Technical Sergeant Stephen L. Thomas for compiling and editing the Statistical Digest as an additional duty in an already busy day.

LEROY T. BASEMAN
Deputy Assistant Secretary
(Cost and Economics)

NOTE: "Special" appropriations refer to classified programs; however, the indices for special appropriations are unclassified.

TABLE USE: Weighted indices are used to convert constant dollars to then-year dollars, and vice versa. Use raw indices to convert constant dollars in one year to constant dollars in another year. Weighted indices for each appropriation are based on outlay rates for TOA excluding PAY and POL and should be used accordingly. For PAY and POL, use raw indices.
